

# Investigate the News

## ONE COMMUNITY, MANY VOICES

Citizens share their thinking about topics. Readers will find many points of view on an issue represented in their newspapers, particularly in letters to the editor.

Identify a local issue and three letters to the editor by citizens who express concern about the issue.

What is the issue? \_\_\_\_\_

---

1. What is the first point of view?
2. What is the second point of view?
3. What is the third point of view?

Also, examine news stories about the issue. If available, check the newspaper's archives and look for stories that led to the letters.

**SHARE** what you would say about the issue, if you wrote and signed a letter to the editor or commented to a story published online.
